

Winter Olympic Games in PyeongChang in 2018

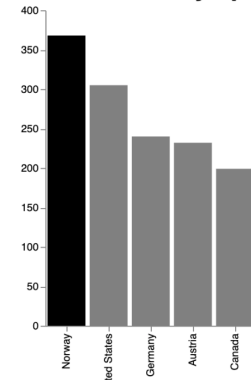

Tiny Norway Totally Dominating the Winter Olympics

Which sports are they good at? Compare Norway and USA

Medals in 2018 as well as in total, Norway won the most.

Total winter Olympics medals

Note: Germany doesn't include medals of East Germany and West Germany in total medals

US won most of the medals from Ice Hockey most of the time, while Norway from Cross Country Skiing. They are not overlapping expertises too much.

Society development matters?! Human Development Index

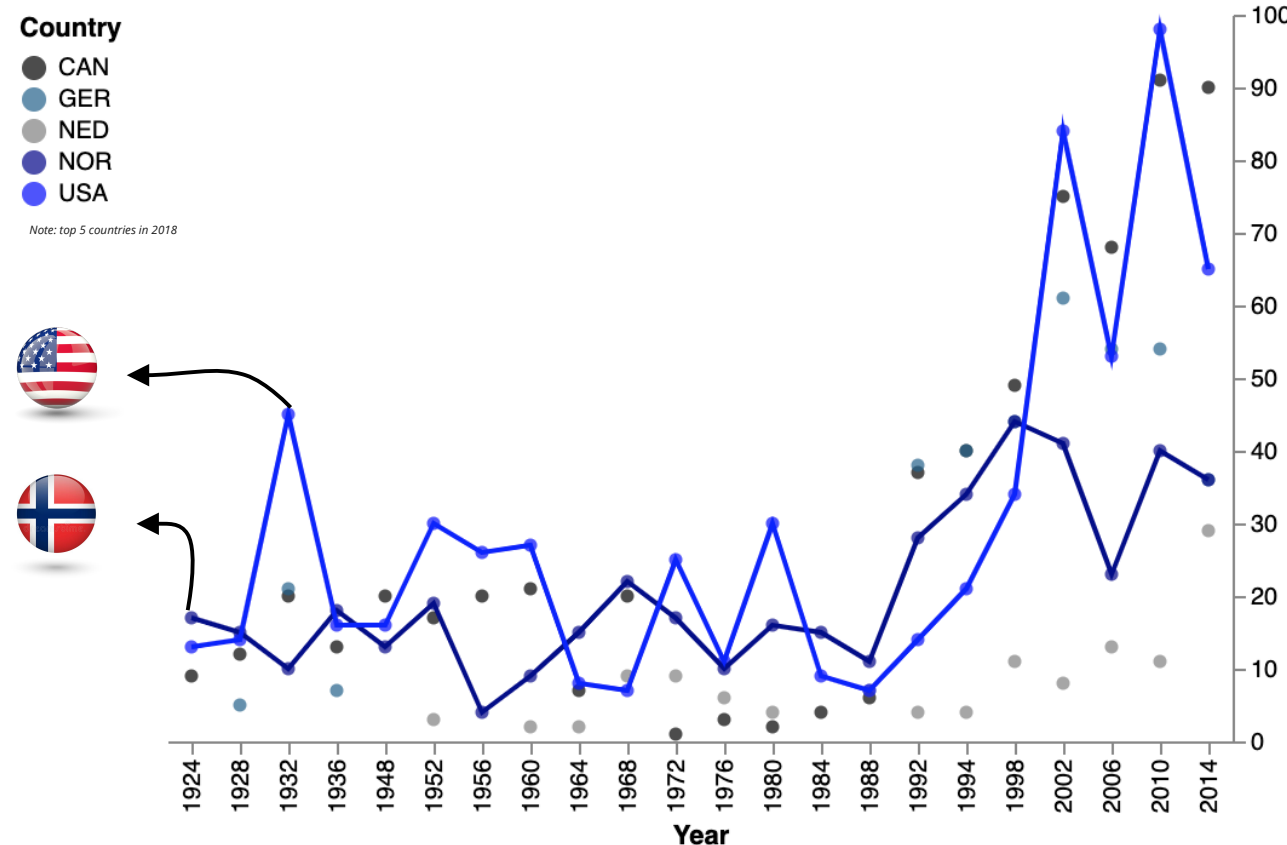

This might be a hint that we could investigate Norway's development policy.

Index factors including
a long and healthy life,
the ability to acquire knowledge,
and a decent standard of living
year: 2018

Among top 5 countries in 2018 winter Olympic, Human development index are all good. Highly developed countries tend to be better in sports development?!

How many medals did these countries win in the past?

Not just luckily, 2018 is not the first time Norway won more medals than the US did.
